Iaroslav Volkov

May 5th 2023

To whom it may concern,

My name is Iaroslav Volkov and I'd like to apply for Position 2 - AutoCAD Support. Upon noticing the job posting I was immediately eager to contact you. I am working currently with the OCSB as an Occasional office administrator and a classroom supervisor, and I volunteered previously with the International Languages Program. In both roles I've provided technical support with OCSB applications, hardware and software.

I have ~10 months experience working with AutoCAD, and similarly with Fusion360, where we had to design a smaller scale formula one car replica. I also have dev experience with fullstack development, circuit engineering, app development and machine learning.

I am very passionate about education and would be grateful for the opportunity to improve the OCSB.

Thank you for your consideration,

Iaroslav Volkov
